

WEST YEO FARM CONTEXTS/FINDS			2011/2012				
Context No	Trench	Location	Layer/Cut/Deposit/ Fill	Description/Interpretation	Finds (inc.SF No.)	Date	Initials
601	T6	Test pit Pond Meadow	Layer	Top soil (light red clay immediately under turf) (same as 401 and 501). Depth from grass: 38cm	18th C pot. Dark green bottle glass. Above 602	19.9.11	D.Bryant
602	"	"	Layer	Dark red clay soil. Depth 13cm. Above 603, below 602	Lime mortar, mixed stone (medium angular and small). Charcoal. 2 cobbles.		L.Hosegood
603	"	"	Layer	Stoney. Not fully excavated.	Coarse ND pot sherds , old, grey in middle x 2	15.4.12	Rshrigley
"	"	"			Blue/white pot, bone, animal tooth, white glazed ceramics, corner of thick clay tile, lt green window glass yellow glazed pot. 3 pces thick iron (inc. 1 large nail). 7 sh ND pot brown glaze	19.4.12	LH
Context No	Trench	Location	Layer/Cut/Deposit/ Fill	Description/Interpretation	Finds (inc.SF No.)	Date	Initials
	T7	Causeway, beside river. 6m from first (N) gate. Across width of causeway. Alignment 240 deg W by 60 deg E		Evaluation trench 1m x 4m. Depth approx 20cm. Sondage in W end 50cm x 50cm x 10cm. Trench cut to look for/prove suspected metallated surface		15.4.2012	B.Fox, A.Elvens. B.Shrigley
				Probably droveway, also right of way across water meadow. Banked and ditched. Presumed once double hedge row. Centre part with cobbles (local stone/sandstone) would have provided dry path. Bank material presumed sourced from causeway and ditch material similar constituents.			
701		"		Thick meadow grass over humic material.			
702			Layer	Clay, coarse more like silt in places. Orange/yellow in colour	Plastic shotgun cartridge
